

Organic Farm Knowledge Newsletter

September 2020

Dear reader,

The Organic Farm Knowledge platform (www.organic-farmknowledge.org) provides access to a wide range of tools and resources about organic farming that can help improve production. The platform promotes the exchange of knowledge among farmers, farm advisers, and scientists, with the aim of increasing productivity and quality in organic farming across Europe.

We are pleased to share this first newsletter with you. Featured here are the latest tools, videos, events and news available on the platform.

We look forward to sharing more news with you next month in October!
